### OKAVANGO & KALAHARI CONTRASTS – 6 NIGHTS

Price: US\$3,085.00 (RACK)

Northern Botswana is all about contrasting ecosystems: different scenery, activities, vegetation and the mammals and birds these ecosystems support. This 6-night package allows you to experience the best of two extremes that our planet has to offer. Kalahari Plains Camp is the perfect location to explore the remoteness of the Central Kalahari Game Reserve. You will be awestruck as you learn how animals survive in this harsh landscape. After Kalahari Plains, head to Banoka Bush Camp where you will be able to contrast this experience with the oasis that is the Okavango Delta.
